experience

UX Summer Analyst | Goldman Sachs

May 2019 - August 2019

Conducted user research and designed prototypes that will be in production for three internal facing platforms within different divisions of the firm.

Co-op Project | Red Fuse & Colgate-Palmolive

August 2018 - December 2019

Worked in a team of five to develop design concepts with the goal of empowering femininity in Asia in order to promote distinction of the brand and revive it's popularity.

UI Design Research Intern | CMU HCI Department

May 2018 - Present

Working with designers and front-end/back-end developers to redesign an Intelligent Tutoring System for middle school students to maximize engagement and learning.

Media Chair | Asian Student Association

January 2017 - December 2017

Worked in a team to plan and execute events, as well as produce a monthly newsletter.
